

Our resources **are your resources.**

Let our unparalleled services extend your newsroom.

CNN NewsSource offers you an unparalleled global reach. An unmatched regional newsgathering footprint. And unrivaled client service.

As the world's news leader, CNN provides local news organizations with the products and services needed to help them win in local markets – across all platforms. With 36 domestic and international editorial operations, and more than 1,000 local news partners in our network, CNN NewsSource is the industry's most powerful newsgathering resource, and North America's most widely-distributed syndicated news service.

So, partnering with CNN NewsSource delivers far more than just unparalleled breaking news coverage and targeted content to support all of your programming. Your regional newsgathering partners at CNN NewsSource work in the trenches with you – to support you as news develops, to collaborate with you on key stories and to gather the news that matters most to your audiences.

We're here for you 24/7.
