

# CNN WIRE

**With CNN Wire**, you get critical stories, images, photographs and graphics across a wide range of breaking, topical and regional news. Get access to the same newsgathering scale and expertise that powers CNN, plus content from our network of regional reciprocal newsgathering partners. The CNN Wire is designed to save you time while engaging your audience with content that's unique, timely and relevant.

## Why license CNN Wire?

Combined with our digital video offerings, CNN Wire becomes an end-to-end digital publishing solution. Get exclusive stories, breaking news and comprehensive coverage across the topics your audience reads, including business, money, technology, health, entertainment and travel.

## Integrated, turnkey digital publishing solution.

Content for use across ALL channels – digital, mobile, social, broadcast and print

Regional content from our network of reciprocal newsgathering partners

Value for your budget with a lower price point than many alternatives

A dedicated team to help boost your digital traffic and service you won't find elsewhere

Spanish-language content from CNN Mexico and CNN en Español

## CNN Wire Newsgathering Partners

Our regional coverage continues to grow, providing news in your area and a robust supply of unique stories you won't get from other services.

**“CNN Wire makes our jobs easier. It’s the only wire service we use.”**

**“I can focus on local stories, knowing CNN Wire will help with the rest.”**

**“Our audience needs national stories. Without CNN, we’d have a fraction of the content.”**
